

NOTES OF MEETING, 22 APRIL, 2004.

Planning for May 6 event (Present were : Maggie Linton, Sandy McCoy, Daniele Schaad, Ruth Borst, Karen Brock, Mona Garde)

- Most of the meeting taken up with timetabling (Ruth to try and sort out timetables for morning and afternoon/inside and outside activities).
- Too many indoor crafts for the time available – probably drop the hemp bracelets if the order for hemp can be cancelled at this stage (Mona)
- Celebration sticks can be painted in advance by the 40 team leaders – all primary colours (Maggie to organize next week during 2 lunch hours).
- We desperately need volunteers, at least 1 per group for the 20 groups outside, plus several extra for classroom activities, helping teachers
- We also need more materials for making the sticks
- Need examples of chants (Earth Day site)
- Activities for survivor/fear factor : Worm challenge, secret message, game (movement), flower pot challenge, clean up.
- 4 replacement trees will be delivered on 5 May, and will need to be protected overnight (brought indoors?)
- Holes need to be dug for the trees (Marius?)
